EDUCATION

2020 - current

Igor Sikorsky Kyiv Polytechnic Institute at the faculty "Institute of Applied Systems Analysis" specializing in computer science.

2022 - 2023

Exchange student at Kyoto University at the faculty "Liberal art and sciences" specializing in ethics and philosophy.

EXTERNAL EDUCATION

Finished extensive 6-month job-ready Google Analyst training. Demonstrated hands-on experience with data processing, visualization and results understanding. On this training, I understood the steps of analyst work and how to put them all in life.

Accomplishment of 3-month Data Analyst School provided by Genesis. While studying, I developed proficiency in platforms for effective data analysis, including Excel, SQL and Tableau. Learned about questions which analysts meet up with, analytical thinking, problem solving and communication.

Completed the 3-month leadership training program provided by the Ukrainian organization USF. Acquired knowledge and skills in various areas of leadership, including team management, communication, problem-solving, and decision-making. Gained practical experience in applying leadership concepts through hands-on training exercises and real-world scenarios.

EXPERIENCE

- | | |
|------------------------------|--|
| 01.02.2021-01.07.2021 | Communication and organization manager in AIESEC on volunteer basis Provided support and mentorship for, prepared summer English school and online events for international volunteers coming to Ukraine. Organized enrollment of people to summer schools in the Kyiv region. Increased conversion rates on payments. By negotiating expanded the net of schools cooperating with us. |
| 15.07.2021-20.09.2021 | Internship as search data analyst in Crystal Blockchain Implemented data cleaning, searching and transformation using Google Sheets, SQL, Tableau and other data analysis tools. Cooperated on project management, interpreting and communicating data analytical findings while working effectively as a part of a team. |
| 01.03.2022-01.09.2022 | ESC climate change volunteer in CONCORDIA Centre val-de-Loire Prepared speeches, workshops, presentations and activities to raise awareness of people about climate change issues and global warming problems in the English language in France.
